

FOR IMMEDIATE RELEASE

A&D CHINA AWARDS 2019 WINNERS REVEALED

[October 9, 2019] Organised by Hong Kong's leading architectural and design magazine *Perspective*, the second edition of A&D China Awards announces its winners today honouring the best of architecture and design in Greater China.

Building on the success of *Perspective's* flagship A&D Trophy Awards, the A&D China Awards was founded in 2018 as a response to the rapid development in the fields of architecture, interior design and product design in the Greater China region. Awards are given to outstanding projects and products, as well as the exceptional minds behind the three categories.

"We are very impressed by the exceptional quality of the submissions," says Peter Jeffery, CEO of *Perspective*. "With a growth of 48 per cent entries year in year, these awards only go to prove the industry's commitment to recognising the very best of architecture, interiors and product design within Greater China. *Perspective* is both delighted and honoured to be organising these awards"

A stellar judging panel consisting of 11 international architecture and design professionals took part in shortlisting and selecting the winners for this edition of the A&D China Awards. On the Architecture panel were Clarissa Richardson of Richardson Sadeki, New York; Garrett Hwang of UNStudio, Hong Kong; Viviana Muscettola of Zaha Hadid Architects, London; and James Law of James Law Cybertecture, Hong Kong. On the Interior Design panel were André Fu of AFSO, Hong Kong; Alix Lawson of Alix Lawson, London; and Vincent McIlduff of ALT254, Hong Kong. On the Product Design panel were Mario Trimarchi of Fragile Studio, Milan; Michael Young and Ben McCarthy of Michael Young Studio, Hong Kong; and Johan Persson of C'Monde Studios Hong Kong.

A Best of Category award and an Excellence award are given to each respective sub-category in recognition of outstanding entries, while the Titanium awards have been introduced this year as the highest honour – replacing the Best of the Best awards.

The Titanium awards are given to the highest-scoring entry of the Architecture, Interior Design and Product Design category, and winners will be revealed at the gala presentation for the A&D Trophy Awards.

The gala presentation for A&D Trophy awards will be held on December 2, at ArtisTree, Quarry Bay, Hong Kong; where all A&D China Awards winners will be presented with their trophies at the event. Moreover, esteemed industry leaders, A&D Trophy alumni and A&D China alumni will be among those joining the celebrations.

Full details of the winners and projects are listed below.

LIST OF WINNERS 2019
